Professional: Customer Service, Sales, Team Leadership & Organization

PROJECTS

Interactive Shopping Cart - Built a GUI-based shopping cart simulation using Java Swing, enabling users to search for items, add them to a dynamic cart, and manage item quantities. - Implemented event-driven programming to handle user interactions including searching, adding, deleting, emptying the cart, and checkout.	June 2025 – July 2025
Remote Connections - Provisioned Ubuntu Linux virtual machines in VirtualBox to demonstrate remote client connections to a domain controller managed with Samba. - Configured a router gateway (192.168.0.101 / 8.8.8.8) to securely route client traffic to the domain controller, simulating a real-world network environment.	Apr 2025 – May 2025

EXPERIENCE

Substitute Teacher <i>Kelly Education / Orange County Public Schools</i> - Managed classroom environments across elementary and K-8 levels, adapting quickly to diverse instructional plans and student needs. - Communicated effectively with school administration and staff to ensure smooth daily operations and adherence to district policies.	Aug 2026 – Present Orlando, FL
Food Runner/Expeditor <i>Chuy's (Previously Bahama Breeze)</i> - Partnered directly with kitchen staff and servers through active, real-time communication to coordinate order flow and resolve issues before they reach the guest. - Took a hands-on role in managing food delivery pace and table readiness, reducing bottlenecks and improving overall service timing.	Mar 2024 – Present Waterford, FL
